A photograph of a stone bench. The bench is made of large, rectangular, light-colored stone slabs. The top surface is a single, wide slab. The base is also made of stone slabs, with the word "PROFESSIONALITA'" carved into the front edge. A shadow of a person is cast across the middle of the bench's top surface.

VALERIA FALCONE

The image shows the front cover and spine of a book. The spine is dark, possibly black or dark brown, and features a vertical strip of lighter, textured material. The front cover is a reddish-brown color with a fine, woven texture. The book is positioned against a background of green leaves and branches, which are visible at the top and left edges of the frame.
